No. 30

THE THIRD ANNUAL BONSPIEL.

Many Visiting Rinks in the City to Compete in the Events of the Annual Bonspiel of the Curling Club.

The third annual bonspiel of the Edmonton Curling Club opened in the rink this morning and will continue until Friday. Beside the four sheets of ice in the curling rink the skating rink has been secured which makes all told seven sheets for play during the bonspiel.

The list of events for the meet was published in a recent issue of the Bulletin. Last night's train brought in a large number of curlers from Calgary and intermediate points and the bonspiel promises to be in every way a success.

The rinks now in attendance are Calgary 2, Strathcona 3, Ft. Saskatchewan 1, Wetaskiwin 1, Red Deer 1, Lacombe 1, Peplar Lake 1. A rink comes up from Innisfail tonight. Eleven Edmonton rinks are com-

The draw for the McDougall trophy is as follows:—

Maetz	Downes
Bains	Larue
McLeod
Emery	Rushion
Rae	Spafford
Moore	Stovel
Ibbotson	Lauder
McKesson	Cushing
McLellan	Shopp
Galbraith	Fraser
McDermaid	Gilmour

EDMONTON THE ACTUAL CENTRE
AND THE LOGICAL CAPITAL

The Calgary Herald is employing a large portion of its time and talent daily in an attempt to prove that the city which has the distinction of numbering the Herald among its enterprises and advocates, is, will be, and cannot be prevented from remaining, the railway centre, the commercial metropolis and real centre of the Territorial world.

So far, the success of the Herald cannot be said to have been commensurate with the vigor and persistence of its efforts.

The only attempt made by the Herald to illustrate the commanding position of Calgary is the reproduction of a map of Alberta with circles of 100, 150 and 200 miles radius respectively, described with Calgary and Edmonton as centres. If any ocular proof beside the ordinary map were required to endorse the claims of Edmonton as the actual centre and logical capital of the proposed Western province, the production of the Herald supplies it to the entire satisfaction of Edmonton's most ardent supporter. Of the two hundred mile circle described with Calgary as centre about one half lies in the province of British Columbia and the States of Montana and Washington. As it is not contemplated to include any of the territory of either of these autonomous divisions in the new province the value of the map as an illustration of Calgary's central position is not apparent.

On the other hand the 200 mile circle described about Edmonton crosses the British Columbia border for a distance of about five miles, the remaining portion lying wholly within the proposed boundaries of the Province. The circle reaches almost to the proposed Eastern boundary, extends south nearly to High River and north beyond Lesser Slave Lake. A better illustration of Edmonton's central location could not have been conceived.

THE MILK QUESTION.

Mr. Editor:

Dear Sir:—Just allow me a little space to say a few words on the milk question which our city fathers seem inclined to hand over to a monopoly of dairymen. From my experience with one of the largest of them they have more than they can attend to now without trying to shut out the small dealers. I purchased a dollars worth of tickets some time last fall to have a quart delivered every day. Next day came, and a week passed and no milk. I then told the dairyman that if he could not supply me with the milk to give me back the money. But even that did not make him blush. I now get a quart on an average every three weeks and I think if we are all in business he will have his last ticket taken up at 11 o'clock next 1st of July. In the mean time I have to rely on my neighbors cow for milk when he brings me none.

I am yours truly,

RATEPAYER.

Superfluous Hair

Removed by the New Principle

De Miracle

It is better than electricity, because it does not scar or produce a new growth. Better than X-ray, because it does not burn, scar or paralyze the tissues under the skin. Better than depilatories, because it is not poisonous; therefore, it will not cause blood poisoning, or produce eczema, which is so common with depilatories, and does not break off the hair, thereby increasing its growth.

Electrolysis, X-ray or depilatories are offered you on the bare word of the operators and manufacturers. DE MIRACLE is not. It is the only method which is endorsed by physicians, surgeons, dermatologists, medical journals and prominent magazines.

DE MIRACLE will be mailed to any address, sealed in plain wrapper for \$1. Your money back without question if it fails to do all that is claimed for it.

Our booklet—the most complete treatise on Superfluous Hair ever published—containing the testimonials of numerous physicians and surgeons and those of hundreds of others—will be sent free, in plain, sealed envelope, upon request. Write for it to-day to DE MIRACLE CHEMICAL CO., 23

ROSS BROTHERS LIMITED

ARE THE SOLE AGENTS
IN EDMONTON FOR THEMONARCH
RANGE...

There is no question as to what this Range can do or its durability, as thousands and thousands of them are in use on this continent, and so far as we have been able to learn no fault has yet been found with them.

The main body of this Range is built up of sheet steel, and all the other parts that require to be cast are malleable iron. The top is ground to a bright steel finish, and is so heavy that, no matter how long or how hot you heat it, you cannot make it warp or get out of shape.

You will notice that the oven has a drop door, and the above cut illustrates the strength of this door, as any man can stand on it when it is open without straining it in the least. This will give some idea of the strength of the Stove, as all its parts are as strong as this cut of the oven door open with the salesman standing on it would convey to you.

It is a wonderful baker, a very quick heater, and its water front is so constructed that it will heat water nearly twice as quick and on a much less quantity of fuel than any other Range now on the market.

The purchaser of a MONARCH RANGE insures a satisfaction that cannot be measured in dollars and cents, for at the end of ten years' use it will operate as easily and be just as good as when first started.

Remember the MONARCH when you want to purchase a Range.

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the Northwest Territories and the Yukon Territory

Coal.—Coal lands may be purchased at \$10 per acre for soft coal and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2000 pounds shall be collected on the gross output.

Quartz.—Persons of eighteen years and over and joint stock companies holding free miners' certificates may obtain entry for mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of \$750 per annum for an individual and from \$50 to \$100 per annum for a company, according to capital.

ANNUAL In the HUDSON'S BAY COMPANY February 10

For recording a claim to \$5.00 At least \$100 must be expended on the claim each year or paid to the recorder in lieu thereof. When \$500 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at \$1.00 per acre. Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres. The patent for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

Placer Mining, Manitoba and the Yukon Territory.—Placer mining claims are generally 100 feet square, entry fee \$5.00, renewable yearly. On the North Saskatchewan river claims for either bar or bench, the former being 100 feet long, and extending between high and low water mark. The latter includes bar diggings, but extends back to the base of the hill or bank, but not exceeding 200 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T., excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each, for a term of twenty years, renewable in the discretion of the Minister of the Interior. The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have or who may receive entries for bar diggings on bench claims, except in the Saskatchewan river, where the lessee may dredge to high water mark on each alternate leasehold. The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease, one dredge for each fifteen miles or fraction, will be sufficient. Rental, \$10 per annum for each mile of the river leased. Royalty at the rate of two and a half per cent, collected on the output after it exceeds \$10,000.

Dredging in the Yukon Territory.—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged bed or bars in the river below low water mark, that boundary to be fixed by its position on the first day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental, \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty same as placer mining.

Placer Mining in the Yukon Territory.—Creek, gulch, river, and hill claims shall not exceed 250 feet in length measured on the base line or general direction of the creek or gulch the width being from 1,000 to 2,000 feet. All other placer claims shall be 200 feet square.

Claims are marked by two legal posts, one at each end, bearing witness. Entry must be obtained within ten days. If the claim is within ten miles of a mining recorder's office, one extra day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet altogether, on the output of which no royalty shall be charged, the rest of the party proprietary claims only.

Entry fee, \$10. Royalty at the rate of two and one-half per cent, on the value of the gold shipped from the Yukon Territory to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notice and paying fee of \$2. A claim may be abandoned, and another obtained on the same creek, gulch or river by giving notice and paying a fee.

Work must be done on a claim on year to the value of at least \$200.

A certificate that work has been

done must be obtained each year; if not, the claim shall be deemed abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made, and publishing notice in the Yukon Official Gazette.

Hydraulic Mining, Yukon Territory.—Locations suitable for hydraulic mining, having a frontage of from one to five miles, and a depth of one mile or more, may be leased for twenty years, provided the ground has been prospected by the applicant or his agent; is found to be unsuitable for placer mining, and does not include within its boundaries any mining claims already granted. A rental of \$150 for each mile of frontage and royalty at the rate of two and one-half per cent of the value of the gold shipped from the Territory are charged. Operations must be commenced within one year from the date of the lease, and not less than \$5,000 must be expended annually. The lease includes all metals, quartz and coal, and provides for the withdrawal of unoccupied land for agricultural and building purposes.

Petroleum.—All unappropriated Dominion lands in Manitoba, the Northwest Territories and within the Yukon Territory, are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the land to be prospected, an area of 640 acres. Should the prospectors discover oil in paying quantities, and satisfactorily establish such discovery in an area not exceeding 640 acres, including the oil well and such other land as may be determined, will be sold to the discoverer at the rate of \$1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

PROCURATOR SHOT.

FINNISH ASSASSINATION.

Man Disguised as Russian Officer Shoots the Representative of the Czar.

Heisingfors, Finland, Feb. 7.—Another hideous assassination has occurred. Procurator General Johnson of Finland was shot to-day. A man disguised as a Russian officer gained admittance to his room and fired four shots, each taking effect. Johnson's son came to the murdered man's assistance, but he was also wounded, and could give his father no assistance.

Rebellion Checked.

Bulletin Special.

Buenos Ayres, Feb. 7.—The Government troops have defeated the insurgents with heavy losses and the rebellion has been practically suppressed. The losses on both sides are estimated at 100 killed. Trains are now running and traffic has been resumed.

The Kootenay Central Project.

Winnipeg, Feb. 6th.—Reports have appeared in the newspapers from time to time especially in British Columbia, about the building of a line from Golden southerly known as the "Kootenay Central railway" to connect with the Crows Nest branch of the C. P. R. but no definite action has been taken until the past season when survey parties were found in the field apparently under the direction of the Canadian Pacific. For ascertaining if possible what the purposes of the C. P. R. are with respect to the project a reporter called on the second Vice President at Winnipeg and Mr. Whyte, would simply say that his company have not decided what to do about building of such a road. If constructed it would be principally to develop the agricultural, mining and timber reserves of the Kootenay and Columbia valleys and at the same time to give a connection from Golden with the Crows Nest line. Mr. Whyte remarked, "the settlers especially have been pressing for this railway to be built by some one and we concluded to see if we could be justified in taking hold of it. The cost would be heavy, and the thing is to find out if in a reasonable time it would pay if built. Some councillors have been dubious but the residents have been confident and our engineers are there to report on the cost and on the resultant traffic. We have so many railway requirements pressing upon us that it is hard to say if it will be possible for us to include this in our immediate program."

Telegraphic Summary.

Winnipeg, Feb. 7th.—Manager Morse of the G. T. P. and consulting engineer Russell continued their journey westward today. They refused to make any announcement as to their plans.

At Wawanesa E. H. Carrol, M.P. for south Brandon will be banqueted this evening. Three ministers will be present and a number of conservatives rank and file.

Albert Prefontaine M.P., cousin of Hon. Raymond Prefontaine is sick in the hospital at St. Boniface with paralysis.

H.B.K. BRAND

BIG SHIRT

Made big enough for a big man to work in with comfort. Has more material in it than any other brand of shirt in Canada. Made on the H.B.K. scale it requires 30 1/2 to 42 yards per dozen, whereas common shirts have only 32 to 33 yards.

That's the reason why the H.B.K. "Big" Shirt never chafes the armpits, is never tight at the neck or wristbands, is always loose, full and comfortable and wears well.

Each shirt bears a tiny book that tells the whole history of the "Big" Shirt, and also contains a notarial declaration that the H.B.K. "Big" Shirt contains 39 1/2 to 42 yards of material per dozen.

Sold at all dealers but only with this brand:—

Miss K. Chegwin.

Sciatica

is torture to its victims. Every step causes excruciating pain. All positions are uncomfortable. Ordinary remedies give no relief.

Hirst's Pain Exterminator

simply draws out all the pain. Soothes and quiets the inflamed nerves—reduces the swelling. Especially good in inflammatory and muscular rheumatism—lumbago—stiff joints—lame back—sprains. In fact, pain can't remain where this liniment is used.

MRS. J. A. CHAPMAN

OF FOLK DANCE, QUE., SAYS:

"I take great pleasure in testifying to the worth of Hirst's Pain Exterminator for Cramps, Lumbago, Sciatica, Sore Throat and Neuralgia. I think it has no equal and that it is worth its weight in gold. We have used it in our family for eleven years, and have found it wonderful."

At all dealers. 25c. a bottle.

The Best Protection Against Cold.

A teaspoonful of Armour's Extract of Beef, in a cup of hot water, makes delicious beef tea which fortifies the whole system against colds, la grippe, and influenza. It gives a grateful feeling of warmth and relieves fatigue.

Insist on having ARMOUR'S Extract of Beef. It has that rich beefy flavor. At all Grocers and Druggists.

ARMOUR LIMITED, TORONTO.

Sole packers and shippers for Canada.

TO ADVERTISERS

The SEMI-WEEKLY BULLETIN covers the business field tributary to Edmonton as no other publication does. Don't spend your money on fake advertising. The BULLETIN will take your story into more homes for less money than any other means or agency.

NOTICE

The firm of Larue Picard have decided to carry on a strictly **Cash Business** on and after the 6th day of February, 1905. We heartily thank the public for their past patronage and trust that under our new conditions they will continue to favor us with their esteemed custom.

Such a Sacrifice!

A pile of good values can be found in all our departments this week.

ALL KINDS OF GOODS.—Fur Coats, Fur Caps, Felt Boots, and Over-shoes for Women's Wear are included in the offer, and you can just revel in bargains in Linen or Lace, Collars, or Corsets, Shirt Waists or Stockings, Dress Goods or Notions. Experienced shoppers will come as early in the day as possible.

LARUE & PICARD

During the month of February we will clear out the balance of Our Winter Stock at Sacrifice Prices

We need the room for spring goods, and you can afford to buy the goods at the tempting prices offered. 33 1/2 per cent off Gloves and Muffs. 20 per cent off Horse Blankets. 15 per cent off Fur Robes and Fur Coats.

ALL GOODS MARKED IN PLAIN FIGURES.

Discounts are genuine, and it is an exceptionally good opportunity to buy seasonable goods at wholesale prices.

The Great West Saddlery Co., Ltd.
Wholesale and Retail.

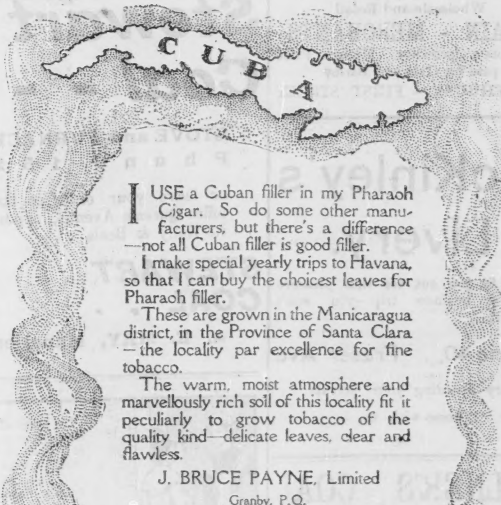

GRAND MASQUERADE BALL

Given by the **KNIGHTS and LADIES of the MACCABEES** in **ROBERTSON'S HALL** **FEBRUARY 14th, 1905**

More than \$50 worth of Prizes have been contributed by the leading business houses of the city, which are on exhibition in the window of E. RAYMER'S JEWELRY STORE

Admission:—Masked Gentlemen, \$1.50; Masked Ladies, 50c.; Spectators, 50c.

Tickets sold at WATSON & CO., opposite Massey Harris.

I USE a Cuban filler in my Pharaoh Cigar. So do some other manufacturers, but there's a difference—not all Cuban filler is good filler. I make special yearly trips to Havana, so that I can buy the choicest leaves for Pharaoh filler.

These are grown in the Manicaragua district, in the Province of Santa Clara—the locality par excellence for fine tobacco.

The warm, moist atmosphere and marvellously rich soil of this locality fit it peculiarly to grow tobacco of the quality kind—delicate leaves, clear and flawless.

J. BRUCE PAYNE, Limited
Granby, P.Q.

With a Connecticut Broad-leaf binder, the highest quality and highest priced binder grown, and a genuine Sumatra wrapper I import direct from Holland—I believe my Pharaoh will give as pleasant a smoke as one could desire.—J. B. P.

None genuine unless branded PHA-RO

J. B. Mercer, Distributor, Edmonton, N.W.T.

EDMONTON ALTA. CANADA

POPULATION, 7,500

CITY GOVERNMENT:—

Mayor, K. W. MacKenzie; Aldermen, C. May, K. A. McLeod, W. H. Clark, D. R. Fraser, J. R. Boyle, E. Bellamy, J. E. Picard, W. A. Griesbach.

Conveniences:—Waterworks, sewer systems, telephone system, electric lighting system, all owned and operated by the city.

Board of Trade:—President, J. H. Morris, Secretary, F. F. Tims.

Immigration Officer:—C. W. Satter.

Educational Institutions:—Public and separate schools, high school, Alberta College.

CHURCHES:—Roman Catholic, Anglican, Presbyterian, Methodist, Baptist, German Baptist, Lutheran, Salvation Army.

TRAIN SERVICE:—Leaves for Strathcona 7.45 and 15.30. Arrives from Strathcona 9.15 and 11.50.

LOCAL

—Train on time.

—Old Times Hall Friday evening.

—The city council meet tonight in regular session.

—Supreme Court opened before Judge Harvey this morning. Small debt cases come up first and criminal cases next.

—All members of the Driving Club are requested to be present at the meeting tomorrow (Wed.) evening in May's office.

—By an error in Friday's Bulletin the name of the person sent to investigate the death of Genouan near Morinville was given as "Davis." It should have been "Dodge."

—A. S. Cammell, of the H. B. Co's post at Ft. Simpson on the Mackenzie River left for the north yesterday after spending a few months in the city. He expects to reach the Fort by March 20th.

—Ft. Saskatchewan Reporter:—Mr. Harry Robertson, clerk of the court, who came from Edmonton on Tuesday evening to attend the sitting of the Supreme Court, was taken suddenly very ill, and is confined to bed at the Queen's Hotel. Dr. Harrison, of Edmonton saw him in consultation with Dr. Bennett on Wednesday. He is progressing favorably.

—Feathers of thought: Grand Trunk railway past sea had the city as a day from St. Louis. It was where they have been engaged during the "past year." The party went from Edmonton to old Ft. Assiniboine from there ran a line north-west to the vicinity of Sturgeon Lake. They were forced to give up work temporarily on account of being unable to procure food for the pack horses.

—Medicine Hat News:—Mr. N. E. Brooks, resident C. P. R. engineer at Calgary was in town on Tuesday for the purpose of examining the big strike of gas made by the company last week. The gas has not yet been placed on or off the line, but he will be capped for eight minutes and in this time developed a rock pressure of 470 pounds. From the test it is evident that the flow is even greater than in the "own" deep level well, and the C. P. R. is to be congratulated on the excellent strike which has been made. Mr. Brooks was, naturally, greatly pleased with what he saw.

—The annual general meeting of the Alberta Gas and Oil Co. was held in the City Hall yesterday afternoon, there being a good turnout of members. H. A. McLeod was re-elected to the board of Directors and F. McNaughton was chosen to succeed Mr. Diamond on the board. Reports of the work done during the year were presented and adopted and boring operations will be resumed in March, and a considerable amount of new machinery will be installed, that the work may be pushed.

PERSONAL

J. F. Scott went to Macleod yesterday.

E. C. Phinney returned to the city last evening.

B. Degault of Pembina River, is at the Queen's.

J. H. Wool came in yesterday from the Landing.

Capt. Worsley came up from the Fort yesterday.

G. McMorris returned from the south last night.

A. H. Kech, manager of the D. J. Young Co., Calgary, is in the city.
